

K-PAK Professional Chelating Shampoo

- An intense clarifying treatment that cleanses the hair and removes mineral deposits and styling product buildup.
- The creamy formula leaves the hair moisturized, smooth and radiant, providing an excellent overall feel and slip for wet-combing after the chelating process.

K-PAK Cuticle Sealer

- Smooths and tightens the cuticle, locks in curls and color, and reduces pH swelling to restore hair back to its natural state of 4.5-5.5.
- Cuticle is locked down and sealed. Any sign of swelling or raised cuticle is diminished.

K-PAK Deep-Penetrating Reconstructor

- K-PAK Reconstructor contains the highest amount of Quadramine Complex than any other product in the Joico family.
- Hair is left shiny, strong and in a healthy, manageable state.
- K-PAK Reconstructor results in an immediately noticeable difference in strength, texture and appearance.

K-PAK Intense Hydrator

- Replenishes moisture and lipids to overly dry, damaged hair, rendering it manageable, soft, shiny and hydrated.
- Seals the cuticle and improves elasticity.
